## More added-value features, supporting your in-house colour needs

The compact and stylish design of the C300 series hides a serious performing A4 colour printer that is purpose built for the demanding modern environment. Built in networking, doubled sided printing and a host of outstanding features deliver exceptional value for the smaller workgroup.

What you get is impressive print speeds, striking image quality, excellent media flexibility - and a full three-year warranty for complete peace of mind – at a price that is within your budget.

### Take on every office job

The more that your printer can do, the greater your return on investment. That makes the C300 Series great value for money. Not only is it fast enough for all of your regular office printing, but it delivers superb image quality even on card stock and specialist media, ranging from business cards through to banners. The result is that you can print far more of what you want, when you want - including high quality customer-facing promotional material - without spending money with high street print shops.

- ProQ2400 multi-level output quality, 1200 x 600dpi print resolution
- Flexible media handling: from A6 to 1200mm banners; card stock up to 220gsm
- Microfine High Definition toner for superb print quality
- OKI Template Manager makes it easy to create and print a range of different document types

### Get more done, faster

As the company that pioneered LED technology and single-pass printing for faster throughput, OKI knows just how to keep office productivity to a maximum. A powerful processor and generous memory help to deliver fast first page out times and rapid throughput even on complex jobs; an intelligent ECO mode automatically speeds up small jobs, reduces energy consumption, as well as saving you money. Plus, automatic two-sided printing comes as standard and a convenient multi-purpose tray (MPT) lets you print on specialist media.

- First page prints in just 9 seconds and continuous colour print speeds of up to 22ppm (up to 24ppm in black and white)
- 532MHz processor & 128MB memory - expandable to 640MB - for superior performance (C330 only)
- ECO mode improves output performance for jobs with only one or two pages and reduces energy consumption by lowering fusing temperature
- Automatic two-sided printing reduces paper consumption and saves money
- Standard paper supply of 350 sheets, including 100-sheet multi-purpose tray (can expand to 880 sheets)

### Desktop-friendly

Thoughtful design, based on years of experience, makes the C300 Series truly desktop-friendly. Replacing the consumables is quick and simple and a backlit LCD display provides clear, real-time information about the status of the printer at all times. The C300 Series will fit seamlessly on any desk space and the compact, low profile design allows for easy arms-reach access to all your printed documents.

- Easy-to-replace consumables, with a separate drum unit for fewer user interventions
- Backlit 2-line x 16-character LCD display for clear, real-time status information
- Compact, low profile design lets you pick up your documents with absolute ease

### Built to last

Look beyond the thoughtful ergonomic design of the C300 Series and you'll see it's tough enough for the most demanding workloads. Our ultra-reliable digital LED technology has fewer moving parts, which means less wear and tear for exceptional reliability. This plus the robust, built to last design, gives us the confidence to offer a three year warranty as standard.

- Ultra-reliable digital LED print technology, pioneered by OKI and proven over 20 years
- Industry-leading three-year warranty as standard

<b>Processor speed</b>	266MHz (C310dn); 532MHz (C330dn)	<b>Memory</b>	Standard RAM: 64MB (C310dn) Standard RAM: 128MB; Maximum RAM: 640MB (C330dn)
<b>Dimensions (HxWxD)</b>	242 x 410 x 504mm		

## Business Printing Specialists

OKI Printing Solutions is a global business-to-business brand dedicated to creating cost effective, professional in-house printing solutions which are designed to increase the efficiency of today's and tomorrow's businesses and their workflows. As pioneers in innovative print technologies from digital LED to High Definition Colour, we have a portfolio of award winning products and solutions enabling businesses to achieve both image focused, vibrant, quality print communications and budget flexibility.

OKI Printing Solutions presents a full range of A3 and A4 colour and mono printers and MFPs, for workgroups and businesses of all sizes with superior media-handling capabilities. In addition our fax, POS and dot matrix printers complete our range of print solutions. These best in class products are designed to be easy to use making the job of in-house print easier.

### Considering the Environment

As part of the OKI Group's Charter of Corporate Conduct, OKI Printing

Solutions continually reviews its efforts to provide environmentally sound solutions to its customers:

- Our products are designed and manufactured with reducing the impact on the environment in mind.
- Increasing the amount of our hardware products and consumables that are recycled is one of our strategic objectives.
- We feel responsible for conducting our business in an environmentally sound manner, contributing to conservation and activities within our local communities.

OKI Printing Solutions' Green Leaf symbol, found on all products and packaging, represents our total commitment to collection, recycling and environmental processes.

### CarbonZero Manufacturing Facilities

OKI Printing Solutions' three main production facilities, located in

Ayutthaya (Thailand), Shenzhen (China) and Fukushima (Japan), which manufacture printers and MFPs for the company's European and broader global markets have been made "CarbonZero" in a bid to slow down global climate change. This initiative is in accordance with our commitment to reduce total Greenhouse Gas Emissions, with an emissions reduction target of 6 per cent by 2012. This target is in line with the United Nations climate change objectives. We have invested in a range of carbon offsetting projects through co2 balance, to offset these factories' carbon emissions making them 'CarbonZero'.

### 20 years of LED Technology

OKI Printing Solutions pioneered the development of digital LED technology in printers over 20 years ago. This innovation delivers High Definition printing – for more accurate, striking printed documents. Thanks to this digital LED technology, our printers are compact, environmentally friendly and energy efficient, using significantly less raw materials in the manufacturing process and consuming less energy. LED print heads have no moving parts, making our LED printers robust and ultra reliable.

### Energy Star

Our printers and MFPs have earned the Energy Star by helping to eliminate energy waste through particularly energy-efficient designs. They use less energy to perform regular tasks. When not in use, they automatically enter a powersave mode and product features such as, duplex printing, further reduce the wasting of energy and paper resources.

### Simply Unique - 3 Year On-Site Warranty

Our devices are manufactured to the highest standards of quality and technology, which has been confirmed by independent tests. We are so convinced of the high quality of our products that we are offering you an extension of the standard warranty period to 3 years – for free! Simply register your product within 30 days of purchase to be eligible for our unique all inclusive offer. Fully covered by OKI! For further information please visit:
